DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Quebec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle adopté par la Chambre, le 23 juin 1887, dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression.

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer

à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré, durant trois mois, entre l'expiration de la dernière session parlementaire avant l'avis et la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire, faite en vertu de "l'Acte concernant les serments extrajudiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 14th day of March, 1890.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS by an Order in Council of the 26th day of November, 1888, the Minister of Marine and Fisheries was authorized to fix the number of Boat Licenses to be issued in the Fraser River, in British Columbia, for the purpose of catching salmon, and in pursuance of such authority the issue of 450 licenses was sanctioned;

And whereas by an Order in Council passed on the 17th day of March, 1889, the operation of the regulations enacted by the said Order in Council of the 26th November, 1888, and the authority thereby conferred were suspended during the year 1889;

And whereas in December, 1889, a delegation of persons engaged in the salmon canning industry in British Columbia urged that no limit should be placed *inter alia* upon the licenses issued,—

His Excellency, under the authority conferred upon him by "The Fisheries Act," chapter 95 of the Revised Statutes, and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that the said Order in Council of the 26th November, 1888, as well as sections 1 and 2 of the Consolidated Fishery Regulations for the Province of British Columbia established by the Order in Council of the 18th July, 1889, shall be, and the same are hereby rescinded, and the following regulations to which the Minister of Justice reports there exists no legal objection, substituted in lieu thereof:—

SECTION 1.

Salmon Fishery.

1. Fishing by means of nets or other apparatus without leases or licenses from the Minister of Marine and Fisheries, is prohibited in all waters of the Province of British Columbia.

Provided always that Indians shall at all times have liberty to fish for the purpose of providing food for themselves, but not for sale, barter or traffic, by any means, other than with drift nets or spearing.

2. Meshes of nets used for capturing Salmon shall be at least five and three quarter inches extension measure, and nothing shall be done to practically diminish their size: provided always that the Minister of Marine and Fisheries may order larger meshes to be used at such times and places as may be in his opinion necessary for the protection of the Fisheries.

3. (*a.*) Drifting with salmon nets shall be confined to tidal waters, and no salmon net of any kind shall be used for Salmon in fresh waters.

(*b.*) Drift nets shall not be used so as to obstruct more than one third of any river.

(*c.*) Fishing for salmon shall be discontinued from 6 o'clock p.m. on Saturday to 6 o'clock a.m. on the following Monday, and during such close time no nets or other fishing apparatus shall be set or used so as to impede the free course of fish, and all nets or other fishing apparatus set or used otherwise shall be deemed to be illegally set and shall be liable to be seized and forfeited, and the owner or owners or persons using the same shall be liable to the penalties and costs imposed by the Fisheries Act.

4. (*a*). Before any salmon net, fishing boat or other fishing apparatus shall be used, the owner or persons interested in such net, fishing boat or fishing apparatus shall cause a memorandum in writing setting forth the name of the owner or person interested, the length of the net, boat or other fishing apparatus and its intended location to be filed with the Inspector of Fisheries who, if no valid objection exists, may, in accordance with instructions from the Minister of Marine and Fisheries, issue a fishery license for the same, and any net, fishing boat or fishing apparatus used before such license has been obtained, and any net, fishing boat or fishing apparatus used in excess or evasion of the description contained in such license shall be deemed to be illegal and liable to forfeiture, together with the fish caught therein, and the owner or person using the same shall be also subject to fine and costs under the Fisheries Act.

(*b*). All salmon nets and fishing boats shall have the name of the owner or owners legibly marked on two pieces of wood or metal attached to the same, and such mark shall be preserved on such nets or fishing boats during the fishing season in such manner as to be visible without taking up the net or nets; and any net or fishing boat used without such mark shall be liable to forfeiture.

5. (*a*). The Minister of Marine and Fisheries shall from time to time determine the number of boats, seines, or nets, or other fishing apparatus to be used in any of the waters of British Columbia.

(*b*). The total number of licenses for Salmon fishing in the Fraser River shall be limited to 500, and of this number 350 shall be allotted among the Canneries in operation on the Fraser River in the season of 1890, the allotment thereof to be based, in the cases of the old Canneries, upon their average respective packs of the last three seasons, and in those of new Canneries upon the estimate of the Inspector of Fisheries, of the reasonable working capacity of such new Canneries.

For all licenses up to twenty, inclusive, a fee of twenty dollars each shall be charged, and for any number in excess of twenty which, under the proposed allotment any Cannery may be entitled to take up, a fee of $50.00 for each license shall be charged. Should any of the 350 licenses, above referred to remain unissued, they shall be allotted on the basis already stated, to the Canneries applying therefor, at a fee of $50.00 for each license, and in case there should not be a sufficient number to permit of this being done, they may be issued by the Inspector of Fisheries, in such manner as he deems equitable upon payment of the last mentioned fee; the remaining 150 Licenses to be issued at $5.00 per license to the proprietors of Freezers on the River and to fishermen, as the Minister of Marine and Fisheries may authorize, no fisherman however to receive more than one license.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Quebec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Quebec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle adopté par la Chambre, le 23 juin 1887, dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression.

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer

à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré, durant trois mois, entre l'expiration de la dernière session parlementaire avant l'avis et la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire, faite en vertu de "l'Acte concernant les serments extrajudiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

NOTICE TO MARINERS.

No. 17 of 1890.

OBSTRUCTION TO NAVIGATION REPORTED OFF POINT PELEE, LAKE ERIE.

Information has reached this Department of the existence of an obstruction to navigation 3¼ miles S. E. ¼ S. from the light-house off Point Pelee, Lake Erie, and directly in the path of vessels running between Cleveland and the River Detroit.

Captain D. McLachlan, master of the steamer "City of Cleveland" reports that his vessel broke a bucket off her wheel on the obstruction late last fall, and that he sighted it again this spring. He describes it as being (as far as can be seen) two sticks of timber about 14 inches square with iron bolts in them, barely awash in smooth water, but showing several feet in length in a sea way, looking like an old crib, part of a dock, or the gallows frame of a steamer. He gives the position of the danger as being directly on the line of course he steers, as laid down on all U. S. charts. This location, viz : S. E. by E. ¾ E., distant 2 miles and 2 cables from a position abreast of the Dummy Light. This location would place the danger 3¼ S. E. ¼ S. miles from Point Pelee (the Dummy) Light.

Position, as taken from the United States Government coast chart, No. 6, of Lake Erie :

Lat.	N.	41°	50'	0"
Long.	W.	82°	27'	30"

This notice affects Admiralty Charts Nos. 332 and 678.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Quebec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle adopté par la Chambre, le 23 juin 1887, dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression.

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer

à moins qu'il n'aît été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré, durant trois mois, entre l'expiration de la dernière session parlementaire avant l'avis et la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire, faite en vertu de "l'Acte concernant les serments extra-judiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

NOTICE TO MARINERS.

No. 17 of 1890.

OBSTRUCTION TO NAVIGATION REPORTED OFF POINT PELEE, LAKE ERIE.

Information has reached this Department of the existence of an obstruction to navigation 3¼ miles S. E. ¼ S. from the light-house off Point Pelee, Lake Erie, and directly in the path of vessels running between Cleveland and the River Detroit.

Captain D. McLachlan, master of the steamer "City of Cleveland" reports that his vessel broke a bucket off her wheel on the obstruction late last fall, and that he sighted it again this spring. He describes it as being (as far as can be seen) two sticks of timber about 14 inches square with iron bolts in them, barely awash in smooth water, but showing several feet in length in a sea way, looking like an old crib, part of a dock, or the gallows frame of a steamer. He gives the position of the danger as being directly on the line of course he steers, as laid down on all U. S. charts. This location, viz: S. E. by E. ¾ E., distant 2 miles and 2 cables from a position abreast of the Dummy Light. This location would place the danger 3¼ S. E. ¼ S. miles from Point Pelee (the Dummy) Light.

Position, as taken from the United States Government coast chart, No. 6, of Lake Erie:

Lat. N. 41° 50' 0"
Long. W. 82° 27' 30"

This notice affects Admiralty Charts Nos. 332 and 678.

WM. SMITH,
Deputy Minister of Marine.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Quebec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle adopté par la Chambre, le 23 juin 1887, dont copie peut être obtenue du greffier de la Chambre ;

Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression.

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer

à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré, durant trois mois, entre l'expiration de la dernière session parlementaire avant l'avis et la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire, faite en vertu de "l'Acte concernant les serments extrajudiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

Information has reached this Department of the existence of an obstruction to navigation 3¼ miles S. E. ¼ S. from the light-house off Point Pelee, Lake Erie, and directly in the path of vessels running between Cleveland and the River Detroit.

Captain D. McLachlan, master of the steamer "City of Cleveland" reports that his vessel broke a bucket off her wheel on the obstruction late last fall, and that he sighted it again this spring. He describes it as being (as far as can be seen) two sticks of timber about 14 inches square with iron bolts in them, barely awash in smooth water, but showing several feet in length in a sea way, looking like an old crib, part of a dock, or the gallows frame of a steamer. He gives the position of the danger as being directly on the line of course he steers, as laid down on all U. S. charts. This location, viz: S. E. by E. ¾ E., distant 2 miles and 2 cables from a position abreast of the Dummy Light. This location would place the danger 3¼ S. E. ¼ S. miles from Point Pelee (the Dummy) Light.

Position, as taken from the United States Government coast chart, No. 6, of Lake Erie:

Lat. N. 41° 50' 0"
Long. W. 82° 27' 30"

This notice affects Admiralty Charts Nos. 332 and 678.

WM. SMITH,
Deputy Minister of Marine.

Department of Marine,

Pilots, masters, or others interested are earnestly requested to send information of dangers, changes in aids to navigation, notice of new shoals or channels, errors in publications, or any other facts affecting the navigation of Canadian waters to the Deputy Minister of Marine, Ottawa, Canada. 43-3

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Quebec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer, seront rédigés conformément au bill-modèle adopté par la Chambre, le 23 juin 1887, dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression.

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer

à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré, durant trois mois, entre l'expiration de la dernière session parlementaire avant l'avis et la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire, faite en vertu de "l'Acte concernant les serments extra-judiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

Après quoi il a plu à Son Excellence le Gouverneur Général de clore la Quatrième session du sixième Parlement de la Puissance par le discours suivant :

SPEECH:

Honorable Gentlemen of the Senate:

Gentlemen of the House of Commons:

In bringing to a close this somewhat protracted Session of Parliament I desire to convey to you my best thanks for the diligence with which you have applied yourselves to your important duties.

The negotiations respecting the Behring Sea Question are still in progress at Washington with good prospects of an equitable settlement. Meanwhile, the continuance for another year of what is known as the *Modus Vivendi*, will serve to show our earnest desire to cultivate the most friendly relations with the United States Government and people.

The re-adjustment of the Customs Tariff, intended to promote the development of our agricultural, manufacturing and other industries, will, I have reason to hope, operate for the general benefit of all classes.

I am glad to believe that the Act relating to Banking has been most carefully considered, and will be found to guard the interests of the Public and to be sufficiently liberal to those who are more immediately affected by its provisions.

The measure relating to Bills of Exchange, Cheques and Promissory Notes will, doubtless, render more certain and plain the law relating to these instruments and make the law in that regard uniform in almost all respects throughout Canada.

The amendments to the Criminal Law include a great number and variety of provisions, all of which will probably be found useful, and several of which were urgently demanded for the public welfare.

The creation of a Bureau of Labor Statistics will promote the investigation and study of the questions which affect the relations of Capital and Labor, and which are now engaging the attention of all great Nations. It will likewise aid the diffusion of information on all that concerns the occupations and well-being of the working classes. In some other measures of the present Session your desire to improve the laws which apply particularly to those engaged in industrial pursuits will be likewise recognized.

The various provisions to amend the laws relating to Railways, to Patents, Copyrights, and Trade-Marks and to the Department of Inland Revenue, and, likewise, the enactments to improve the Statutes for the management of our Indian population are well adapted to promote the efficient administration of the Departments to which they relate, while the large amount of private Railway Legislation indicates a spirit of enterprise throughout the country which, it is to be hoped, will lead to a substantial development of the Railway works of the Country.

Gentlemen of the House of Commons:

I thank you for the liberal provision which you made for the requirements of the Public Service.

Honorable Gentlemen of the Senate:

Gentlemen of the House of Commons:

I take leave of you for the present, with the earnest hope that in the coming season our people in every part of Canada may be blessed with an abundant reward for their labours and may witness a marked advance in the prosperity of the Dominion.

THE SPEAKER of the Senate then said:

Honorable Gentlemen of the Senate, and Gentlemen of the House of Commons:

It is HIS EXCELLENCY THE GOVERNOR GENERAL'S will and pleasure, that this Parliament be prorogued until Monday, the twenty-third day of June next, to be here held, and this Parliament is accordingly prorogued until Monday, the twenty-third day of June next.

List of Bills assented to 26th March 1890.

An Act to amend the Act to incorporate the Alberta Railway and Coal Company.

Honorables Messieurs du Sénat:

Messieurs de la Chambre des Communes:

En mettant fin à cette longue Session du Parlement, je désire vous faire mes meilleurs remerciements pour la diligence avec laquelle vous vous êtes acquittés de vos importantes fonctions.

Les négociations concernant la question de la mer de Behring se poursuivent encore à Washington avec de bonnes chances d'un règlement équitable. En attendant, la continuation, pendant un an encore, de ce qu'on appelle le *modus vivendi* servira à faire voir notre sincère désir de cultiver les relations les plus amicales avec le Gouvernement et le peuple des Etats-Unis.

Le remaniement du tarif des droits de douane destiné à activer le développement de l'agriculture, des manufactures et autres industries, sera, j'ai tout lieu de l'espérer, d'un avantage général pour toutes les classes de la population.

Je suis heureux de croire que l'Acte relatif aux Banques a été très soigneusement étudié, et qu'il sauvegardera les intérêts du pays tout en étant suffisamment libéral envers ceux qui sont plus immédiatement affectés par ses dispositions.

La mesure relative aux lettres de change, chèques et billets promissoires rendra sans doute plus certaine et plus claire la loi relative à ces effets de commerce, et la rendra en même temps, presque sous tous rapports uniforme dans tout le Canada.

Les amendements apportés à la loi criminelle embrassent un grand nombre et une variété de dispositions, qui toutes seront probablement trouvées d'une grande utilité, et dont plusieurs étaient instamment requises pour le bien public.

La création du Bureau de la Statistique du Travail aura l'effet d'encourager l'investigation et l'étude des questions qui affectent les relations du capital et du travail, et qui occupent aujourd'hui l'attention de toutes les grandes nations. Elle aidera aussi à la diffusion des connaissances sur tout ce qui concerne les occupations et le bien-être des classes ouvrières. L'on reconnaîtra aussi dans quelques autres mesures de la présente session votre désir d'améliorer les lois qui s'appliquent particulièrement à ceux qui sont engagés dans les entreprises industrielles.

Les diverses dispositions qui ont pour but d'amender les lois relatives aux chemins de fer, aux brevets d'invention, aux droits d'auteur, aux marques de commerce et au département du revenu de l'intérieur, ainsi que celles qui améliorent les statuts qui régissent l'administration de notre population sauvage, sont bien propres à promouvoir l'administration efficace du département auquel elles ont trait, tandis que le grand nombre de mesures privées au sujet de chemins de fer indique dans tout le pays un esprit d'entreprise qui, il faut l'espérer, amènera un développement important des travaux de chemins de fer du Canada.

Messieurs de la Chambre des Communes:

Je vous remercie de la libéralité avec laquelle vous avez pourvu aux besoins du service public.

Honorables Messieurs du Sénat:

Messieurs de la Chambre des Communes:

Je prends congé de vous pour le moment avec le sincère espoir que durant la prochaine saison le peuple de toutes les parties du Canada sera abondamment récompensé de son travail et sera témoin d'un progrès marqué dans la prospérité du pays.

L'ORATEUR du Sénat alors dit:

Honorables Messieurs du Sénat et Messieurs de la Chambre des Communes:

C'est le plaisir de SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL, que ce parlement soit prorogé jusqu'à lundi, le vingt-troisième jour de juin prochain, pour être tenu en ce lieu, et ce parlement est, en conséquence, prorogé jusqu'à lundi, le vingt-troisième jour de juin prochain.

After which His Excellency the Governor General was pleased to close the FOURTH SESSION of the SIXTH PARLIAMENT of the DOMINION with the following

SPEECH:

Honorable Gentlemen of the Senate:

Gentlemen of the House of Commons:

In bringing to a close this somewhat protracted Session of Parliament I desire to convey to you my best thanks for the diligence with which you have applied yourselves to your important duties.

The negotiations respecting the Behring Sea Question are still in progress at Washington with good prospects of an equitable settlement. Meanwhile, the continuance for another year of what is known as the *Modus Vivendi*, will serve to show our earnest desire to cultivate the most friendly relations with the United States Government and people.

The re-adjustment of the Customs Tariff, intended to promote the development of our agricultural, manufacturing and other industries, will, I have reason to hope, operate for the general benefit of all classes.

I am glad to believe that the Act relating to Banking has been most carefully considered, and will be found to guard the interests of the Public and to be sufficiently liberal to those who are more immediately affected by its provisions.

The measure relating to Bills of Exchange, Cheques and Promissory Notes will, doubtless, render more certain and plain the law relating to these instruments and make the law in that regard uniform in almost all respects throughout Canada.

The amendments to the Criminal Law include a great number and variety of provisions, all of which will probably be found useful, and several of which were urgently demanded for the public welfare.

The creation of a Bureau of Labor Statistics will promote the investigation and study of the questions which affect the relations of Capital and Labor, and which are now engaging the attention of all great Nations. It will likewise aid the diffusion of information on all that concerns the occupations and well-being of the working classes. In some other measures of the present Session your desire to improve the laws which apply particularly to those engaged in industrial pursuits will be likewise recognized.

The various provisions to amend the laws relating to Railways, to Patents, Copyrights, and Trade-Marks and to the Department of Inland Revenue, and, likewise, the enactments to improve the Statutes for the management of our Indian population are well adapted to promote the efficient administration of the Departments to which they relate, while the large amount of private Railway Legislation indicates a spirit of enterprise throughout the country which, it is to be hoped, will lead to a substantial development of the Railway works of the Country.

Gentlemen of the House of Commons:

I thank you for the liberal provision which you made for the requirements of the Public Service.

Honorable Gentlemen of the Senate:

Gentlemen of the House of Commons:

I take leave of you for the present, with the earnest hope that in the coming season our people in every part of Canada may be blessed with an abundant reward for their labours and may witness a marked advance in the prosperity of the Dominion.

THE SPEAKER of the Senate then said:

Honorable Gentlemen of the Senate, and Gentlemen of the House of Commons:

It is HIS EXCELLENCY THE GOVERNOR GENERAL'S will and pleasure, that this Parliament be prorogued until Monday, the twenty-third day of June next, to be here held, and this Parliament is accordingly prorogued until Monday, the twenty-third day of June next.

CHANGES IN BUOYAGE IN RIVER ST. LAWRENCE BELOW QUEBEC.

When the buoys are set out in the River St. Lawrence below Quebec, on the opening of navigation this spring, or as soon thereafter as practicable, the changes hereinafter described will be carried out, and the new disposition permanently continued thereafter.

These changes are being made for the greater security or convenience of navigation, and many of them have been proved desirable by the Hydrographic Survey conducted under Staff-Commander Maxwell, R.N., in 1887 and 1888.

These changes affect Admiralty Charts Nos. 310, 313, 314, 315, 317, 318 and 2516.

I. Barrett Ledge—The gas and bell buoy heretofore on Barrett Ledge.,

Lat. N. 47° 53' 15"
Long. W. 69° 37' 0"

will be replaced by a spherical gas buoy without a bell. This buoy will be, as heretofore, chequered black and white, and will show the fixed bright light from an elevation of 10 feet above the water.

Thit affects Canadian Lists of Lights and Fog Signals, Nos. 49*b*.

II. Middle Shoal—The chequered red and black can buoy heretofore marking Middle Shoal, in the Hare Island Channel, will be discontinued, being rendered unnecessary by the buoyage of the next two described shoals, lying respectively a short distance north-eastwardly and south-westwardly from it.

III. Marmen Rock.—A black can buoy will be placed north-eastward of Marmen Rock, which is situate S. E. ¾ E., a little more than 1½ miles from Brandy Pots lighthouse, and carries 7 feet water.

From the buoy the S. W. extreme of Hare Island bears S. 73° 48' W., Brandy Pots lighthouse N. 54° 52' W., and the steeple of St. Patrick church, at Fraserville, is just open north-east of the pier at Rivière du Loup.

IV. Demers Rock.—A red can buoy will be placed south-westward of Demers Rock, which carries 11 feet of water, and lies 3½ cables south-westward of Middle Shoal, and S. E. ¾ S. 1½ miles nearly from Brandy Pots lighthouse.

From the buoy the south-west extreme of Hare Island bears S. 77° 33' W., Brandy Pots lighthouse N. 33° 42' W., and the north-east extreme of White Island N. 9° 36' E.

Après quoi il a plu à Son Excellence le Gouverneur Général de clore la QUATRIÈME SESSION DU SIXIÈME PARLEMENT de la PUISSANCE par le discours suivant :

Honorables Messieurs du Sénat :

Messieurs de la Chambre des Communes :

En mettant fin à cette longue Session du Parlement, je désire vous faire mes meilleurs remerciements pour la diligence avec laquelle vous vous êtes acquittés de vos importantes fonctions.

Les négociations concernant la question de la mer de Behring se poursuivent encore à Washington avec de bonnes chances d'un règlement équitable. En attendant, la continuation, pendant un an encore, de ce qu'on appelle le *modus vivendi* servira à faire voir notre sincère désir de cultiver les relations les plus amicales avec le Gouvernement et le peuple des Etats-Unis.

Le remaniement du tarif des droits de douane destiné à activer le développement de l'agriculture, des manufactures et autres industries, sera, j'ai tout lieu de l'espérer, d'un avantage général pour toutes les classes de la population.

Je suis heureux de croire que l'Acte relatif aux Banques a été très soigneusement étudié, et qu'il sauvegardera les intérêts du pays tout en étant suffisamment libéral envers ceux qui sont plus immédiatement affectés par ses dispositions.

La mesure relative aux lettres de change, chèques et billets promissoires rendra sans doute plus certaine et plus claire la loi relative à ces effets de commerce, et la rendra en même temps, presque sous tous rapports uniforme dans tout le Canada.

Les amendements apportés à la loi criminelle embrassent un grand nombre et une variété de dispositions, qui toutes seront probablement trouvées d'une grande utilité, et dont plusieurs étaient instamment requises pour le bien public.

La création du Bureau de la Statistique du Travail aura l'effet d'encourager l'investigation et l'étude des questions qui affectent les relations du capital et du travail, et qui occupent aujourd'hui l'attention de toutes les grandes nations. Elle aidera aussi à la diffusion des connaissances sur tout ce qui concerne les occupations et le bien-être des classes ouvrières. L'on reconnaîtra aussi dans quelques autres mesures de la présente session votre désir d'améliorer les lois qui s'appliquent particulièrement à ceux qui sont engagés dans les entreprises industrielles.

Les diverses dispositions qui ont pour but d'amender les lois relatives aux chemins de fer, aux brevets d'invention, aux droits d'auteur, aux marques de commerce et au département du revenu de l'intérieur, ainsi que celles qui améliorent les statuts qui régissent l'administration de notre population sauvage, sont bien propres à promouvoir l'administration efficace du département auquel elles ont trait, tandis que le grand nombre de mesures privées au sujet de chemins de fer indique dans tout le pays un esprit d'entreprise qui, il faut l'espérer, amènera un développement important des travaux de chemins de fer du Canada.

Messieurs de la Chambre des Communes :

Je vous remercie de la libéralité avec laquelle vous avez pourvu aux besoins du service public.

Honorables Messieurs du Sénat :

Messieurs de la Chambre des Communes :

Je prends congé de vous pour le moment avec le sincère espoir que durant la prochaine saison le peuple de toutes les parties du Canada sera abondamment récompensé de son travail et sera témoin d'un progrès marqué dans la prospérité du pays.

L'ORATEUR du Sénat alors dit :

Honorables Messieurs du Sénat et Messieurs de la Chambre des Communes :

C'est le plaisir de SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL, que ce parlement soit prorogé jusqu'à lundi, le vingt-troisième jour de juin prochain, pour être tenu en ce lieu, et ce parlement est, en conséquence, prorogé jusqu'à lundi, le vingt-troisième jour de juin prochain.

AVIS DU GOUVERNEMENT.

AVIS AUX MARINS.

N° 21 de 1890.

CHANGEMENTS DANS LE BALISAGE DU FLEUVE SAINT-LAURENT EN BAS DE QUÉBEC.

Lorsque les bouées seront placées dans le fleuve Saint-Laurent en bas de Québec, à l'ouverture de la navigation ce printemps, ou aussitôt après qu'il sera possible de le faire, les changements ci-après décrits seront exécutés, et le nouvel arrangement des bouées sera continué permanemment à l'avenir.

Ces changements sont faits pour la plus grande sûreté ou commodité de la navigation, et la Commission hydrographique sous la conduite du commandant Maxwell, M.R., en 1887 et 1888, a trouvé que plusieurs de ces changements étaient très désirables.

Ces changements affectent les Cartes de l'Amirauté Nos 310, 313, 314, 315, 317, 318 et 2516.

I. Récif Barrett.—La bouée à gaz et à cloche qui était autrefois sur le Récif Barrett,

Lat. N. 47° 53' 15”
Long. O. 69° 37' 0”

sera remplacée par une bouée à gaz sphérique sans cloche. Cette bouée sera, comme auparavant, bigarrée, blanc et noir, et donnera une lumière brillante fixe à une élévation de 10 pieds au-dessus de l'eau.

Ceci affecte la Liste de phares canadiens et de signaux de brume, n° 49*b*.

II. Batture du Milieu.—La bouée-boîte bigarrée rouge et noir qui marquait autrefois la Batture du Milieu, dans le chenal de l'Ile aux Lièvres, sera discontinuée, étant rendue inutile par le balisage des deux battures ci-dessous immédiatement décrites, qui sont respectivement sises à une petite distance au nord-est et au sud-ouest de là.

III. Rocher Marmen.—Une bouée-boîte noire sera placée au nord-est du Rocher Marmen, qui est située au S.E. ¾ E., un peu plus d'un mille et demi du phare des Pots à l'Eau-de-vie, et dans 7 pieds d'eau.

A partir de la bouée l'extrémité S.O. de l'île aux Lièvres est dans une direction S. 73° 48' O., le phare des Pots à l'Eau-de-vie N. 54° 52' O., et le clocher de l'église de St. Patrice à Fraserville s'aperçoit au nord-est de la jetée de la Rivière-du-Loup.

IV. Rocher Demers.—Une bouée-boîte rouge sera placée au sud-ouest du Rocher Demers, qui est dans 11 pieds d'eau, et à 3½ encâblures sud-ouest de la Batture du Milieu, et S.E. ¾ S. à presque 1½ mille du phare des Pots à l'Eau-de-vie.

A partir de la bouée l'extrémité sud-ouest de l'île aux Lièvres est dans une direction S. 77° 33' O., le phare des Pots à l'Eau-de-vie N. 33° 42' O., et l'extrémité nord de l'Ile Blanche N. 9° 36' E.

V. Battures Sainte-Anne.—La bouée-boîte noire au large des battures Sainte-Anne sera transportée à environ un mille au nord-est de son ancienne position, de façon à marquer convenablement l'angle du banc.

Nouvelle position—Lat. N. 47° 26' 30”
Long. O. 70° 8' 35”

A partir de la bouée le phare de la Pointe aux Orignaux est dans une direction N. 75° 50' E., l'église de Sainte-Anne S. 26° 50' E., et l'église de Saint-Roch S. 29° 50' O.

VI. Extrémité est des battures Saint-Roch.—Une nouvelle bouée-boîte noire sera placée dans 28 pieds d'eau à l'ouest d'une batture recouverte de 16 pieds d'eau que le commandant Maxwell découvrit en 1887, N. E. par E. ¾ E., à 2⅓ milles du phare de la Traverse d'en bas.

A partir de la bouée, l'église de Sainte-Anne est dans une direction S. 59° E., l'église de Saint-Roch S. 2° 15' O., et le moulin en cailloux sur l'île aux Coudres N. 71° 55' O.

VII. Extrémité ouest de la batture de Saint-Roch.—La première bouée noire au sud-ouest du phare de la Traverse d'en haut sera transportée à 3½ encâblures au nord de son ancienne position en dehors d'un rocher nouvellement découvert avec 24 pieds d'eau au-dessus.

A partir de la bouée, l'église de Saint-Roch est dans une direction S. 83° 25' E., et l'église de Saint-Jean Port-Joli S. 11° 45' O.

VIII. Channel Patch.—La bouée à gaz autrefois sur le *Channel Patch*,

Lat. N. 47° 15' 0”
Long. O. 70° 19' 35”

sera remplacée par une bouée à gaz avec cloche. La bouée sera, comme autrefois, bigarrée blanc et noir, et donnera une lumière brillante fixe à une élévation de 11 pieds au-dessus de l'eau.

Ceci affecte les Listes des phares canadiens et signaux de brume n° 57*a*.

IX. Rétrécis ouest du chenal Beaujeu.—La bouée-boîte rouge aux rétrécis ouest du chenal Beaujeu sera transportée au sud de son ancienne position. Ce changement est devenu nécessaire vu que plusieurs hauts fonds à l'entour ont été découverts pendant le lever hydrographique de 1887. La nouvelle position sera justement au sud d'une batture recouverte de 22 pieds d'eau.

A partir de cette nouvelle position le phare de l'île aux Grues est dans une direction S. 65° 45' O., la balise South Diamond N. 17° 15' O., et la balise sud à la Pointe Macpherson N. 6° 35' E.

X. Bouée de la Quarantaine.—La bouée à gaz à la station de la Quarantaine, sur l'extrémité ouest du banc de l'Ile Marguerite, au large de la Grosse-Ile,

Lat. N. 47° 0' 45”
Long. O. 70° 39' 20”

qui autrefois était peinturée en rouge, sera à l'avenir peinturée en jaune, la couleur distinctive de la Quarantaine.

Ceci affecte la Liste des phares canadiens et des signaux de brume n° 60*b*.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Quebec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle adopté par la Chambre, le 23 juin 1887, dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression.

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer

à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré, durant trois mois, entre l'expiration de la dernière session parlementaire avant l'avis et la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire, faite en vertu de "l'Acte concernant les serments extrajudiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

MILITIA GENERAL ORDERS.

HEAD QUARTERS,
OTTAWA, 23rd May, 1890.

GENERAL ORDERS (6).

No. 1.

ACTIVE MILITIA.

—

DOMINION OF CANADA.

REGULATIONS FOR THE ANNUAL DRILL OF 1890–91.

Corps of Infantry and Garrison Artillery are not to exceed 42 Non-Commissioned Officers and men per Company and Battery, including Regimental Staff Sergeants, and bandsmen.

Field Batteries—1 Major, 1 Captain, 1 Lieutenant, 1 2nd Lieutenant, 1 Surgeon, 1 Veterinary Surgeon, 1 Sergeant Major, 1 Quarter Master Sergeant, 4 Sergeants, 4 Corporals, 4 Bombardiers, 1 Trumpeter, 1 Farrier, 58 Gunners and Drivers and 29 horses, including the Officers' and Non-Commissioned Officers' horses.

City and Rural Corps.

The strength of Corps authorized to drill at their local headquarters in each district is to be deducted from the total strength authorized for drill in the district, the remainder will represent the number which may be concentrated in a camp of exercice.

"A" Company, Infantry School Corps, will join the camp in New-Brunswick, "B" Company the camp in District No. 6, "C" Company the camp in District No. 2, "D" Company the camp in District No. 1, and a 2-gun detachment from "A" Battery will join the camp in Districts 3 and 4. As these are paid as permanent Corps, they will be in addition to the strength authorized for Districts 1, 2, 3, 4, 6 and 8, but will not be included for drill pay.

City Corps.

3 *City Corps* (excepting Field Batteries of Artillery, and such companies as belong to Rural Bat-

talions of Infantry) may be permitted to perform twelve days of annual drill at their local headquarters at such times, prior the 1st December, 1890, as may be most convenient.

The New Brunswick Brigade and Nos. 1 and 2 Batteries, Lévis Garrison Artillery, are for purposes of drill to be counted as city corps.

Any city company which forms part of a Rural Battalion can only be permitted to drill for pay, in case it is selected for, and performs such drill in camp with the battalion or regiment, to which it belongs.

Rural Corps.

4. Selections to be made from rural corps of the different arms in each district in proportion as their strength bears towards each other. Those not drawn for last year to be first taken.

The corps so selected in each of the Districts, numbered 1, 2, 3, 4, 5, 6, 7, 8, and 9 (excluding isolated companies of Infantry and Garrison Batteries of Artillery, but including all Field Batteries of Artillery not otherwise excepted), are to be concentrated for twelve days drill in a camp of exercise, including the day going to and the day returning from camp.

Isolated rural companies of Infantry or Engineers, or Garrison Batteries of Artillery, selected for 1890-91, may be permitted to perform the same at their respective headquarters on the same conditions as apply to city corps.

City and Rural Corps.

The Sydney, Winnipeg and Montreal Field Batteries are to drill in camp near their local headquarters under regulations for corps in camp of exercise, except that they will be paid 25 cents per Officer and man, and 35 cents per horse, per diem, to cover cost of transport, rations, forage, fuel for cooking and allowance for camp kettles.

The 1st Brigade Field Artillery will join the Brigade camp in No. 2 District. The strength of these 2 Batteries will be included in the quotas of the District to which they belong.

Excepting the Winnipeg Field Battery the corps drawn for drill in Districts numbered 10, 11 and 12 are to perform the period of drill at their local headquarters under the same regulations as apply to city corps

If preferred, the corps authorized for drill in District 12 may assemble in one camp under the same regulations, as to subsistence, &c., as apply to Field Batteries in the preceding paragraph. In this case a supply Officer will not be allowed. The staff will consist of the Deputy Adjutant General and Brigade Major.

The Deputy Adjutant General of each district will notify the commanding officer of each corps detailed for drill, as well as those which cannot be paid, and send a return to Headquarters of the corps warned, and of those which cannot be paid ; also a detail of the steps he has taken to make the selections.

The corps not selected, and which cannot be paid, are hereby relieved from the performance of drill during the year 1890-91.

Command and Staff.

The following will be the staff of each camp of exercise :—

In command, unless otherwise ordered, the Deputy Adjutant General of the District, *Staff*, 1 Brigade Major, 1 Supply Officer, 1 Camp Quarter Master, 1 Instructor of Musketry, 1 Principal medical officer, five staff non-commissioned officers, and when the strength of the camp exceeds 1,500, 1 Orderly officer.

When there are more than four Battalions of Infantry present they should be occasionally divided, for drill purposes only, into two Brigades, and two Officers, not necessarily the senior, selected to command them for practice.

In camps where two or more batteries are present the Officer in command of camp will arrange for them to be brigaded and trained together under the senior Artillery Officer, until fit to be worked with the other branches of the service.

The five Batteries of Artillery at the Camp of Exercise at Niagara, will be brigaded under the command of the Inspector of Artillery—Staff : one Brigade Major and two N.C. Officers, and the four Batteries and the 2-gun detachment Artillery at the camp of exercise in Districts 3 and 4 will be brigaded under the Assist. Inspector of Artillery with a similar staff.

All the temporary staff should, if possible, having efficiency in view, be selected from among the Officers of the Corps in Camp, thus giving some Officers opportunities of learning Staff duties, and some of learning the duties of the rank above them.

The neatness and appearance of the men are to be looked to. Caps and helmets are to be worn properly. Lost buttons and hooks carefully replaced.

Chin straps are invariably to be down on parade or on duty.

Camps.

The dates for the several camps of exercise will be as follows :—

District 1 …………………	17th June, 1890.
2 …………………	17th do
3 & 4 …………………	17th do
5 …………………	24th do
6 …………………	24th do
7 …………………	1st July, do
8 …………………	24th June do
9 …………………	Sept. do

In making the selection of a site the qualifications for camping and moving troops, and the convenience for rifle shooting should be first considered ; and then the position, as regards convenience for the assembly of the different Corps.

Each Camp must have a rifle range and appliances for target practice.

The principal care will be paid, 1st, to instruction in rifle practice.

2nd. To instruction of officers and men in drill in extended order for skirmishing as well as for attack formation. Little or no time will be given to marching past, which is purely a parade movement, and should be practised and learned before or after the assembly of the Camp.

No Officer or man will be allowed to live or sleep out of Camp, except by permission of the Officer Commanding the Camp (who should invariably live in Camp himself) which should only be granted in special cases.

Only one Union Jack will be flown in a Camp and that in front of the tent of the Officer Commanding, it should be hoisted at sunrise and struck at sunset. Regiments may use red banneroles with their number or badge thereon—the Commanding Officer having a bannerole in front of his tent.

The wives, female friends, or children of officers or men are not to be lodged within the lines of any camp of instruction.

Commanding Officers are to devote particular care towards teaching their men the new Infantry drill. Marching past and review exercises are not to receive attention to the detriment of the other more useful and practical exercises. When practicable, instead of a review and march past, on inspection days the practice of route marching, and advance and rear guards, &c., will be found more advantageous.

TRANSPORT.

The regulations relating to transport are to be followed to the extent they apply to services connected with camps of exercise.

The Deputy Adjutant general in each District will specify the routes by which corps must proceed in going to and returning from camp.

If the journey is to be made over more than one line of railway or public conveyance, a separate requisition will be issued for the transport required over each independent line. This is necessary in order to facilitate settlements, and prevent confusion in the accounts to be rendered by each company.

Requisitions for transport by railroad or steamboat will be issued by the Deputy Adjutant General of the District, who will also check as to rates and numbers claimed for, all accounts for transport service.

Except as otherwise provided, only officers and men *bonâ fide* proceeding to perform drill in camp, are to be allowed transport.

Troops of Cavalry whose local head quarters are within 25 miles, and all companies of infantry whose head quarters are within 6 miles of the place of encampment, are to march to camp.

Field Batteries will march to camp if the distance is not more than six miles. If more than six but under 25 miles an allowance in money at the rate of four cents per mile will issue for such of the men as cannot be carried on the horses, gun carriages and limbers of the Battery,

All corps whose head quarters are within 6 miles of the railway station or steamboat wharf from which they are to receive transport, will march to that railway station or steamboat wharf.

Companies of Infantry whose head quarters are more than 6 miles from the railway station or steamboat wharf from which they are to receive transport will be allowed six cents per officer and four cents per man, per mile, for the number of miles necessarily travelled by ordinary waggon road going to and returning from that station or wharf.

A similar allowance will be paid to companies whose headquarters are more than 6 miles from the place of encampment, and from whence no railway or steamboat can be made available for transport over any portion of the journey.

SUBSISTENCE.

Deputy Adjutants General of District will advertise for tenders for which authority has been obtained, and carry out the provisions relating to *Tenders*, Regulations and Orders, 1887. The *Tenders* are required in *duplicate*, addressed to the Minister of Militia.

RATIONS.

As the issue of rations in camp will not commence until the morning of the second day, corps proceeding to join will be required to provide one day's cooked rations and one day's forage. Twenty-five cents per officer and man and thirty-five cents per horse will be issued in money in lieu of rations for the first day of camp.

The Deputy Adjutant General of the District may, if he prefers, issue a half ration of food and forage on the first and last day of camp instead of one full ration on the last day.

In addition to his ordinary equipment each officer and man must supply himself with andt ake to camp, one knife, fork and spoon, one tin plate and one tin drinking cup. Each company must provide one butcher's knife, one meat fork, one shovel and one axe. Each battalion must provide camp kettles and necessary cooking utensils.

The Supply Officer is to be guided by the Regulations and Orders, 1887, in respect of all receipts and issues. Sub-sections 2, 3 and 4 paragraph 617 are not to apply to camps of exercice.

Fuel for cooking will be issued on the scale laid down in paragraph 649 of Regulations and Orders, 1887; and an allowance at the rate of six dollars per troop and company and ten dollars per field battery of artillery will be paid to each corps to enable them to provide camp kettles, if such have not been supplied by the public.

The arrangements for cooking are to be the same as for actual service—cooking stoves are therefore not to be taken to camp by any corps at the public expense.

The supply officer will be allowed one day before, and one day after closing of camp, to arrange for delivery of supplies from contractors, and for closing his accounts. He should, however, so systematize his work in camp as to insure his having all vouchers and accounts for each day properly fyled and completed during that day.

TENTS AND BLANKETS.

Necessary tents, and one blanket per officer and man, for camps in June; and two blankets per officer and man in camps in September, will be supplied on application of each commanding officer, under the provisions of paragraphs 743 to 753 of the Regulations and Orders, 1887.

The camp quartermaster will be allowed one day before opening and one day after closing of camp, to arrange for issue of, and to receive over, and return camp equipment to store and close his accounts.

The quartermaster of each battalion may proceed one day in advance of his corps, in order to make necessary arrangements for the encampment of his corps under instructions from the Deputy Adjutant General of the District. He will also, if required, remain one day for duty after the camp breaks up.

If the weather is unfavorable and tents wet when camp breaks up, the Deputy Adjutant General of the District will use his discretion in giving orders for the protection of the public interests in respect of the articles to be returned to store.

MEDICAL REGULATIONS.

A medical inspection of every officer, non-commissioned officer and man is to be made, if possible, *before* the men leave the corps' headquarters; when that is not possible, then the medical examination must be made immediately after the corps goes into camp, and a full report relating to each man shall be made in a written return to the Commanding Officer.

This inspection is with a view of ascertaining, 1st: Whether the man is laboring under disease of any kind at that time, such as rheumatic affections; diseases of lungs or heart; or of any of the viscera of the abdomen, or under any form of the syphilitic disease; or is short-sighted; or has any disease or injuries of any of the joints; or badly shaped feet or overlapping toes, which would prevent his marching; 2nd. If the man has any predisposition to any of the above diseases, or has recently suffered from any of them, or if he has any other disqualification which may render him unfit for service, or predispose him to become inefficient from exposure.

Such men, if any be found, are not to be permitted to go to, or remain in camp, as well for their own sakes, as to prevent claims for compensation being made upon the public on account of illness on the part of men who are not fit for service.

The senior medical officer belonging to the corps in camp will be Principal medical officer. He will establish one hospital for the camp, where patients will be attended to by the medical officers of their respective corps. Such medical medical officers will be supplied with medicines, etc., by the Principal medical officer from the box of medicines issued to him for the purposes of the camp.

The Surgeon of each Battalion and Field Battery will make out a sick report every morning, and transmit a copy to the Principal medical officer, who will keep an admission, and discharge book, of all cases taken into Hospital, according to Form B. (No. 283.)

Each Principal medical officer will give a receipt for all articles of medical equipment which may be issued to him for the use of the Brigade, for the care and proper expenditure of which he will be responsible; and on being relieved from duty he will return all medical stores, articles of equipment and medicine remaining unexpended into the District Stores, with a list of the materials which have been expended by him, on complying with which his receipt will be returned to him.

Such wine or spirituous liquor, as may be prescribed for use in case of illness must, if procured, be paid for by the person requiring the same.

No expense to be incurred by medical officers on account of Government, without previous authority for such being obtained.

CASUALTIES.

In any case of serious illness or accident, the Principal medical officer shall, in conjunction with the commanding officer of the camp, make such immediate arrangements, as may be necessary, sending the patient, if possible, at once to his home or the nearest Hospital. A minute report to headquarters of all circumstances connected with the case will be made.

AMMUNITION.

Each Field Battery of Artillery will be allowed 100 rounds, and each Garrison Battery 20 rounds of Blank Ammunition, for Exercise and Practice.

Ammunition previously issued for exercise and practice, and not expended by the corps, to be deducted from the number of rounds authorized to be issued this year.

CORPS ARMED WITH RIFLES.

Attention is to be paid to the cleaning of arms and appointments while in Camp.

Twenty rounds of ball and 20 rounds of blank ammunition for practice, under the provisions of paragraphs 437 to 446 inclusive of the R. and O. 1887, will be allowed to each man authorized to drill.

TARGET PRACTICE.

Too much care cannot be devoted to musketry instruction. It must be carried out in every camp.

Target practice affords proof of the attention bestowed on position drill and aiming drill. Company officers are reminded that the former of these drills can be carried out with advantage during the first morning parade daily, and by individual men when lying down "at ease."

Each man must expend, under supervision of the musketry instructor and senior company officer present the number of rounds of ball ammunition authorized for that purpose, and no man is to use more than his share of the Government allowance, viz., twenty rounds.

In carrying out target practice, every man will fire 5 rounds at 100 yards and 5 rounds at 200 yards, standing; 5 rounds at 300 yards, kneeling; and 5 rounds at 400 yards, *any military position.*

When the system of target arrangement will admit of it any man who fails to make 4 points at any distance to continue firing at that distance until he succeeds in making the required number of points, when he will be allowed to fire at the next distance, and so on.

"Standing," "kneeling," and "lying down," as defined in the position drill, are the recognized military positions.

At the conclusion of the individual firing a classification is to be made when those who have obtained 40 points will be classed as first class shots; those obtaining 30, but failing to obtain 40, as second class shots; and those failing to obtain 30, as third class shots. At 100 and 200 and 300 yards the targets shall be 4 feet wide, having a bull's eye 1 foot diameter, centre 3 feet diameter, outer remainder of target. At 400 yards, target 6 feet wide, bull's eye 2 feet diameter, centre 4 feet diameter, outer remainder of target.

Value of points.—Outer, black disc or flag, 2; centre, black and white disc or flag. 3; bull's eye, white disc or flag, 4. The signal for danger or cease firing is in all cases to be a red flag; on no account is a shot to be fired when the danger flag is up at the marker's butt.

No man is ever to load until all is clear for him to fire, and if it becomes necessary for any purpose to cease firing, any man whose rifle is loaded will at once unload, remaining unloaded until the order is given to resume the practice.

EXAMINATIONS.

During the drills the Commanding officer of the camp will test the qualification of the officers of each corps for the performance of their several duties—Company Officers in the drill of their Company or Battery, and Field Officers and Adjutants in the drill of their Battery, Battalion or Brigade as the case may be. The respective officers to be called out separately, to give words of command, and explain the nature of required movements.

A confidential report is to be made for Head-quarters by the Commanding Officer of the camp, in which his opinion as to the qualification of each officer, and the test to which he has been subjected is to be clearly stated.

The printed questions already issued by the Inspector of Artillery will be used by that Officer at the inspection of Artillery Corps.

INSPECTIONS.

Deputy Adjutants General are directed to forward a statement to Head-quarters, showing the dates on which corps in their respective districts will complete drill and be ready for inspection.

The inspections of all corps on completion of drill are to be made in the field during the day time, with the exception of Brigades of Garrison Artillery, which may be made at such time and place as may be found most convenient. This inspection should coincide with the annual inspection and muster of the Corps by the District Staff.

At inspections great stress is to be laid on the cleanliness of Arms, the correct fitting of accoutrements, and the manner in which Guards and Sentries perform their duties, and as regards the knowledge of their men as well as of their Company Drill, by Company Officers and Non-Commissioned Officers.

Cleanliness of all parts of the camp and its neighbourhood must be attended to, and reported on by inspecting officers.

PAY.

Before the men are dismissed, the names on the service roll are to be called in presence of the Inspecting Officer, who, before certifying to the pay list must compare such names with those on the pay-list and see that each person for whom pay is claimed is vouched for as entitled to receive it.

The receipts on the Pay-Lists of men who are unable to sign their names are to be witnessed by a Sergeant, or person other than the captain or officer commanding the Company.

City, and other corps, which drill under the regulations for city corps, will receive the net pay of their respective ranks.

The commanding officer of each camp will be allowed five dollars, and each other officer on the authorized strength of the staff of a camp of exercise will be allowed two dollars and fifty cents per diem in camp in lieu of subsistence, together with free forage and one dollar per diem for one horse, if a horse is required and used by him in the discharge of his duties as a mounted officer.

Each non-commissioned officer on the authorized strength of the staff of a camp of exercise will be paid an allowance of fifty cents per diem in addition to pay of rank, in lieu of rations.

The officers, non-commissioned officers and men of such corps as drill in camps of exercise will be paid for each day's drill the net pay of their respective ranks as laid down in paragraphs 865 and 866 of the Regulations and Orders for 1887. For horses of mounted officers and corps one dollar per diem, in addition to free rations (for officers, non-commissioned officers and men) and free forage (for horses). If straw is not required its equivalent in value of either hay or oats may be issued instead if required.

Such quartermasters of Battalions as proceed to camp one day in advance of their corps will be paid an allowance of one dollar per diem, in addition to pay of rank, for that day and the first day of encampment, also a similar allowance for any day or days any of them remain after camp breaks up for duty under order of the Deputy Adjutant General of the District. Neither rations nor any other allowance in lieu will be issued for those days.

Troops of Cavalry are restricted to 35 horses each, for pay.

No mounted officer shall receive pay for more than one horse, actually used by him.

The pay for horses shall cover any expenses incurred for shoeing while at drill.

Neither pay, allowances or rations are to be issued to or for any officer or man for any day or days he is absent from camp.

Pay will not be issued to any Battery of Garrison Artillery or Company of Engineers or Infantry unless not less than 2 officers and 32 men belonging to the corps have performed the days of annual drill under these regulations.

Before any corps receives pay, the commanding officer shall be required to certify in his own handwriting, at the end of the pay-list of his corps, that each officer, non-commissioned officer and man for whom pay is demanded, was *actually present* with his corps and performed the number of days of drill for 1890-91 specified opposite his name.

The attention of Staff Officers, Commanding Officers of all arms and Captains of Troops, Batteries and Companies is specially called to the form of certificate they are required to append in writing at the foot of pay-lists. They will be held responsible by the Department that these pay lists are correct; they must therefore see that the number of days' drill entered thereon opposite the names of officers, non-commissioned officers and men are only for such days drill as each such officer, non-commissioned officer or man has actually performed with his corps during the year for which payment is demanded. If any person performs less than the authorized number of drills, with his corps, he is only to be paid for the actual number of days' drill he has performed in such manner.

REPORTS.

In his annual report, the Inspecting Officer is to specify that he has complied with the provisions of this order.

In order that a full report may be made for Parliament, relating to the drill and training for the fiscal year 1890-91, all drill for which payment will be made must be completed before the first day of December, 1890, and the reports of Deputy Adjutants General of Districts must be transmitted to the headquarters *not later* than the 5th of that month.

The Inspector of Artillery will arrange for a continuous tour of inspection in the Maritime Provinces. Batteries of Artillery in these Provinces will complete their drill prior to the 3rd September.

By Command,

WALKER POWELL, Colonel,
Adjutant General of Militia,
Canada.

CHANGES IN BUOYAGE IN RIVER ST. LAWRENCE BELOW QUEBEC.

When the buoys are set out in the River St. Lawrence below Quebec, on the opening of navigation this spring, or as soon thereafter as practicable, the changes hereinafter described will be carried out, and the new disposition permanently continued thereafter.

These changes are being made for the greater security or convenience of navigation, and many of them have been proved desirable by the Hydrographic Survey conducted under Staff-Commander Maxwell, R.N., in 1887 and 1888.

These changes affect Admiralty Charts Nos. 310, 313, 314, 315, 317, 318 and 2516.

I. BARRETT LEDGE.—The gas and bell buoy heretofore on Barrett Ledge.,

Lat. N. 47° 53' 15"
Long. W. 69° 37' 0"

will be replaced by a spherical gas buoy without a bell. This buoy will be, as heretofore, chequered black and white, and will show the fixed bright light from an elevation of 10 feet above the water.

Thit affects Canadian Lists of Lights and Fog Signals, Nos. 49*b*.

II. Middle Shoal—The chequered red and black can buoy heretofore marking Middle Shoal, in the Hare Island Channel, will be discontinued, being rendered unnecessary by the buoyage of the next two described shoals, lying respectively a short distance north-eastwardly and south-westwardly from it.

III. Marmen Rock.—A black can buoy will be placed north-eastward of Marmen Rock, which is situate S. E. ¾ E., a little more than 1½ miles from Brandy Pots lighthouse, and carries 7 feet water.

From the buoy the S. W. extreme of Hare Island bears S. 73° 48' W., Brandy Pots lighthouse N. 54° 52' W., and the steeple of St. Patrick church, at Fraserville, is just open north-east of the pier at Rivière du Loup.

IV. Demers Rock.—A red can buoy will be placed south-westward of Demers Rock, which carries 11 feet of water, and lies 3½ cables south-westward of Middle Shoal, and S. E. ¾ S. 1½ miles nearly from Brandy Pots lighthouse.

From the buoy the south-west extreme of Hare Island bears S. 77° 33' W., Brandy Pots lighthouse N. 33° 42' W., and the north-east extreme of White Island N. 9° 36' E.

Long. W. 70 8 35

From the buoy Point aux Orignaux lighthouse bears N. 75° 50' E., Ste. Anne church S. 26° 50' E. and St. Roch church S. 29° 50' W.

VI. East End St. Roch Shoals—A new black can buoy will be placed in 28 feet water westward of a shoal with 16 feet water over it, found by Staff Comr. Maxwell in 1887, N. E. by E. ¾ E., 2⅓ miles from the Lower Traverse lightship.

From the buoy St. Anne church bears S. 59° E., St. Roch church, S. 2° 15' W., and the round stone mill on Isle aux Coudres N. 71° 55' W.

VII. West End St. Roch Shoals.—The first black buoy south-westward of the Upper Traverse lightship will be moved to a position 3½ cables northward of its old position outside a newly discovered rock with 24 feet water over it.

From the buoy St. Roch church bears S. 83° 25' E., and St. Jean Port Joli church S. 11° 45' W.

VIII. Channel Patch.—The gas buoy heretofore on the Channel Patch,

New position—Lat. N. 47° 2' 34"
Long. W. 70 45 50

From the buoy the west extreme of the small islet at the west end of Grosse Isle is in line with the northeast extreme of Isle aux Reaux, and Pointe St. Jean first open south of Pointe Bellefeuille.

AVIS AUX MARINS.

N° 21 de 1890.

CHANGEMENTS DANS LE BALISAGE DU FLEUVE SAINT-LAURENT EN BAS DE QUÉBEC.

Lorsque les bouées seront placées dans le fleuve Saint-Laurent en bas de Québec, à l'ouverture de la navigation ce printemps, ou aussitôt après qu'il sera possible de le faire, les changements ci-après décrits seront exécutés, et le nouvel arrangement des bouées sera continué permanemment à l'avenir.

Ces changements sont faits pour la plus grande sûreté ou commodité de la navigation, et la Commission hydrographique sous la conduite du commandant Maxwell, M.R., en 1887 et 1888, a trouvé que plusieurs de ces changements étaient très désirables.

Ces changements affectent les Cartes de l'Amirauté Nos 310, 313, 314, 315, 317, 318 et 2516.

I. Récif Barrett.—La bouée à gaz et à cloche qui était autrefois sur le Récif Barrett,

Lat. N. 47° 53' 15"
Long. O. 69° 37' 0"

sera remplacée par une bouée à gaz sphérique sans cloche. Cette bouée sera, comme auparavant, bigarrée, blanc et noir, et donnera une lumière brillante fixe à une élévation de 10 pieds au-dessus de l'eau.

Ceci affecte la Liste de phares canadiens et de signaux de brume, n° 49*b*.

II. Batture du Milieu.—La bouée-boîte bigarrée rouge et noir qui marquait autrefois la Batture du Milieu, dans le chenal de l'Ile aux Lièvres, sera discontinuée, étant rendue inutile par le balisage des deux battures ci-dessous immédiatement décrites, qui sont respectivement sises à une petite distance au nord-est et au sud-ouest de là.

III. Rocher Marmen.—Une bouée-boîte noire sera placée au nord-est du Rocher Marmen, qui est située au S.E. ¾ E., un peu plus d'un mille et demi du phare des Pots à l'Eau-de-vie, et dans 7 pieds d'eau.

A partir de la bouée l'extrémité S.O. de l'île aux Lièvres est dans une direction S. 73° 48' O., le phare des Pots à l'Eau-de-vie N. 54° 52' O., et le clocher de l'église de St. Patrice à Fraserville s'aperçoit au nord-est de la jetée de la Rivière-du-Loup.

IV. Rocher Demers.—Une bouée-boîte rouge sera placée au sud-ouest du Rocher Demers, qui est dans 11 pieds d'eau, et à 3½ encâblures sud-ouest de la Batture du Milieu, et S.E. ¾ S. à presque 1½ mille du phare des Pots à l'Eau-de-vie.

A partir de la bouée l'extrémité sud-ouest de l'île aux Lièvres est dans une direction S. 77° 33' O., le phare des Pots à l'Eau-de-vie N. 33° 42' O., et l'extrémité nord de l'Ile Blanche N. 9° 36' E.

V. Battures Sainte-Anne.—La bouée-boîte noire au large des battures Sainte-Anne sera transportée à environ un mille au nord-est de son ancienne position, de façon à marquer convenablement l'angle du banc.

Nouvelle position—Lat. N. 47° 26' 30"
Long. O. 70° 8' 35"

A partir de la bouée le phare de la Pointe aux Orignaux est dans une direction N. 75° 50' E., l'église de Sainte-Anne S. 26° 50' E., et l'église de Saint-Roch S. 29° 50' O.

VI. Extrémité est des battures Saint-Roch.—Une nouvelle bouée-boîte noire sera placée dans 28 pieds d'eau à l'ouest d'une batture recouverte de 16 pieds d'eau que le commandant Maxwell découvrit en 1887, N. E. par E. ¾ E., à 2⅓ milles du phare de la Traverse d'en bas.

A partir de la bouée, l'église de Sainte-Anne est dans une direction S. 59° E., l'église de Saint-Roch S. 2° 15' O., et le moulin en cailloux sur l'île aux Coudres N. 71° 55' O.

VII. Extrémité ouest de la batture de Saint-Roch.—La première bouée noire au sud-ouest du phare de la Traverse d'en haut sera transportée à 3½ encâblures au nord de son ancienne position en dehors d'un rocher nouvellement découvert avec 24 pieds d'eau au-dessus.

A partir de la bouée, l'église de Saint-Roch est dans une direction S. 83° 25' E., et l'église de Saint-Jean Port-Joli S. 11° 45' O.

VIII. Channel Patch.—La bouée à gaz autrefois sur le *Channel Patch*,

Lat. N. 47° 15' 0"
Long. O. 70° 19' 35"

sera remplacée par une bouée à gaz avec cloche. La bouée sera, comme autrefois, bigarrée blanc et noir, et donnera une lumière brillante fixe à une élévation de 11 pieds au-dessus de l'eau.

Ceci affecte les Listes des phares canadiens et signaux de brume n° 57*a*.

IX. Rétrécis ouest du chenal Beaujeu.—La bouée-boîte rouge aux rétrécis ouest du chenal Beaujeu sera transportée au sud de son ancienne position. Ce changement est devenu nécessaire vu que plusieurs hauts fonds à l'entour ont été découverts pendant le lever hydrographique de 1887. La nouvelle position sera justement au sud d'une batture recouverte de 22 pieds d'eau.

A partir de cette nouvelle position le phare de l'île aux Grues est dans une direction S. 65° 45' O., la balise South Diamond N. 17° 15' O., et la balise sud à la Pointe Macpherson N. 6° 35' E.

X. Bouée de la Quarantaine.—La bouée à gaz à la station de la Quarantaine, sur l'extrémité ouest du banc de l'Ile Marguerite, au large de la Grosse-Ile,

Lat. N. 47° 0' 45"
Long. O. 70° 39' 20"

qui autrefois était peinturée en rouge, sera à l'avenir peinturée en jaune, la couleur distinctive de la Quarantaine.

Ceci affecte la Liste des phares canadiens et des signaux de brume n° 60*b*.

XI. La Longue Pointe.—Une bouée-boîte rouge sera ancrée dans 30 pieds d'eau, au sud de la Longue Pointe, qui est une batture s'étendant au large depuis le Cap Gribanne, dans le chenal nord, les hauteurs d'eau variant de 8 à 21 pieds.

Position de la bouée—Lat. N. 47° 9' 8"
Long. O. 70° 40' 5"

A partir de la bouée, le phare du Cap Brûlé est dans une direction S. 60° 40' O., et les maisons à Abattis se voient d'abord au sud du quai du Saut au Cochon.

XII. Retrécis de l'est.—La bouée-boîte rouge aux Retrécis de l'est, au delà de la Pointe de la Traverse (Traverse Spit) sera placée à environ 1¼ encâblure au nord-est de son ancienne position, pour marquer une profondeur de 18 pieds à l'eau basse.

Nouvelle position—Lat. N. 47° 4' 15"
Long. O. 70° 44' 29"

A partir de la bouée le phare du Cap Brûlé est dans une direction N. 32° 45' E., l'extrémité sud-ouest de l'Ile Patience S. 38° 40' E., et l'entrée sud-ouest de l'Ile aux Réaux, S. 35° O.

XIII. Traverse du Nord.—La bouée bigarrée noir et blanc dans la Traverse du nord sera ancrée dans 28 pieds d'eau tout près du nord-est d'un banc recouvert de 12 pieds d'eau, trouvé pendant le lever hydrographique de 1887 à l'extrémité nord-ouest du Sable ouest.

Nouvelle position—Lat. N. 47° 2' 34"
Long. O. 70 45 50

A partir de la bouée, l'extrémité ouest du petit îlot au bout ouest de la Grosse-Ile est en ligne avec l'extrémité nord-est de l'Ile aux Reaux, et la Pointe Saint-Jean se voit juste au sud de la Pointe Bellefeuille.

XIV. Les Ilets, chenal d'Orléans.—Celle des trois bouées rouges marquant les Ilets qui est le plus à l'ouest sera ancrée dans 22 pieds d'eau, au sud d'une batture recouverte de 9 pieds d'eau, au sud de son ancienne position, et de façon à indiquer une ligne droite jusqu'à la prochaine bouée à l'est.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Quebec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré, durant trois mois, entre l'expiration de la dernière session parlementaire avant l'avis et la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire, faite en vertu de "l'Acte concernant les serments extra-judiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

CHAP. 24.

An Act respecting Agricultural Fertilizers.

[*Assented to 24th April*, 1890]

HER Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows :—

1. This Act may be cited as "*The Fertilizers Act*, 1890."

2. In this Act—

(*a*.) The expression "the Minister" means the Minister of Inland Revenue;

(*b*.) The expression "fertilizer" means and includes every natural or artificial manure which is sold at more than ten dollars per ton, and which contains phosphoric acid, nitrogen, ammonia, or nitric acid.

(*c*.) The expression "affidavit" includes a solemn affirmation or declaration made in accordance with the law of Canada.

3. Every manufacturer or importer of fertilizers for sale shall, before the end of the month of January in each year, and before offering any fertilizer for sale, transmit to the Minister, carriage paid, a sealed glass jar, containing at least two pounds of such fertilizer so manufactured or imported by him, with a statement setting forth the nature of the materials which enter into its composition and the certificate of analysis of such fertilizer, together with an affidavit setting forth that such jar contains a fair average sample of such fertilizer so manufactured or imported by him; and such sample shall be submitted to the chief analyst for analysis and shall also be preserved by the Minister for the purpose of comparison with any sample of fertilizer which is obtained in the course of the twelve months then next ensuing from such manufacturer or importer, or from any vendor of his goods.

2. With every sample so transmitted the manufacturer or importer shall, at the same time, transmit to the Minister a fee of three dollars:

3. The affidavit required by this section may be taken before any magistrate, justice of the peace or commissioner for taking affidavits for use in any court of the Province or British possession in which such affidavit is taken, or in the case of a foreign country before a British Consul.

4. The officers of Inland Revenue, the officers of Customs, the inspectors and deputy inspectors of weights and measures, the inspectors of food, drugs and agricultural fertilizers acting under "*The Adulteration Act*," and the inspectors and deputy inspectors acting under "*The General Inspection Act*," or any of them, shall, when required so to do by any regulation made in that behalf by the Governor in Council, or by the Minister, act as inspectors of fertilizers, and shall procure and submit samples of fertilizers suspected to be adulterated, to be analyzed.

5. Every inspector of fertilizers shall, at least once in each year, obtain for analysis from every manufacturer, importer or vendor of fertilizers for sale in the district for which the inspector is appointed, a sample of the fertilizer manufactured, imported or sold by such manufacturer, importer or vendor; but the provisions of this section shall not be construed to limit the right of the inspector to procure samples for analysis in accordance with the following provisions of this Act:

2. Every sample so obtained by an inspector under this section shall be transmitted to the Minister for submission to the chief analyst for analysis; and the result of such analyses, as well as the analyses of samples furnished by manufacturers importers and vendors, shall be published annually by the said Minister in such manner as he sees fit, together with a statement showing the relative value of each fertilizer, calculated from its contents in fertilizing ingredients at their current market value.

6. If the fertilizer is put up in packages, every such package intended for sale or distribution within Canada shall have the manufacturer's certificate of analysis placed upon or securely attached to it by the manufacturer; if the fertilizer is in bags, such certificate shall be distinctly stamped or printed upon each bag; if it is in barrels, such certificate shall be either branded, stamped or printed upon the head of each barrel, or distinctly printed upon good paper and securely pasted upon the head of each barrel; if it is in bulk, such certificate shall be produced and a copy given to each purchaser; and every such certificate shall contain, besides the analysis, a statement of the nature of the materials entering into the composition of the fertilizer.

7. No fertilizer shall be sold or offered or exposed for sale unless a certificate of analysis and a sample of the same have been transmitted to the Minister, and the provisions of the next preceding section have been complied with:

2. No fertilizer shall be sold or offered or exposed for sale unless it contains at least eight per cent. of available phosphoric acid, or four per cent. of ammonia or its equivalent in nitrogen or nitric acid; or, when both phosphoric acid and ammonia are present, at least five per cent. of available phosphoric acid and two per cent of ammonia or its equivalent in nitrogen or nitric acid.

8. The inspector, after taking a sample for analysis and forwarding the same to the Minister, and after having been advised that it corresponds in contents with the sample sent in at the beginning of the year, shall, if requested so to do by the manufacturer, the importer or the person selling the fertilizer, cause to be applied, under his personal supervision, inspectors' tags, one to each package, bag or barrel of fertilizer, before the same is offered for sale or distribution: inspectors' tags shall be numbered consecutively and shall have printed upon each of them the words and figures, "Inspected, 18 , Canada," together with a *fac-simile* of the signature of the Minister.

9. If the fertilizer is imported in bulk, or if it is proposed that it shall be removed from the manufactory, or out of the possession of the manufacturer's agent, in bulk, the manufacturer's certificate of analysis and ingredients shall be produced to the inspector; and the inspector, after taking samples for analysis, shall deliver to the manufacturer, the importer or his agent, if requested by any of them so to do, a bill of inspection specifying the quantity and the quality as set forth in the manufacturer's certificate, together with the name of the store or vessel, or the number of the car in which the fertilizer was when inspected, and he shall attach the manufacturer's certificate of analysis to the bill of inspection before so delivering it.

10. If any fertilizer is imported for use by the importer thereof, and not for sale, it may be inspected in conformity with the foregoing provisions of this Act at the Customs port of entry at which it is imported.

11. The inspector shall be entitled, for each package to which a tag is attached under his supervision, and for each bill of inspection delivered by him, if the fertilizer is in bulk, to such fee in either case as the Governor in Council directs,—which fee shall be paid and the inspector's tag attached or certificate delivered, as the case requires, before the fertilizer may be removed from the mill, factory or store-house, or out of the possession of the manufacturer's agent or of the person importing the same.

12. The inspector shall not furnish any tag to be attached to any package of fertilizer unless the manufacturer's certificate of analysis and ingredients is plainly placed upon each parcel or package, or, if the fertilizer is in bulk, shall not deliver any bill of inspection unless such certificate is produced to him, setting forth that the fertilizer contains at least eight per cent. of available phosphoric acid or four per cent. of ammonia, or its equivalent in nitrogen or nitric acid, and in the case of an ammoniated superphosphate, that it contains at least five per cent. of available phosphoric acid and two per cent. of ammonia, or its equivalent in nitrogen or nitric acid; nor shall any such tag be furnished or applied to any package of fertilizer, or bill of inspection delivered in respect of any fertilizer, which is in a damaged or unmerchantable condition.

13. Every manufacturer or importer who sells or offers fertilizers for sale shall, before so doing, register his name and address once in each year with the nearest Inland Revenue officer, and shall, at the same time, pay a registration fee of one dollar.

14. Every person who sells, or offers or exposes for sale any fertilizer, in respect of which the provisions of this Act have not been complied with,—or, on being bound to register his name and address as required by the next preceding section, without having so registered the same, or who permits a certificate of analysis to be attached to any package, bag or barrel of such fertilizer, or to be produced to the inspector, to accompany the bill of inspection of such inspector, stating that the fertilizer contains a larger percentage of the constituents mentioned in section twelve of this Act than is contained therein,—or who sells, offers or exposes for sale, any fertilizer purporting to have been inspected which does not contain the percentage of constituents mentioned in the said section twelve,—or who sells or offers or exposes for sale any fertilizer which does not contain the percentage of constituents mentioned in the manufacturer's certificate accompanying the same—or who sells, offers or exposes for sale at a higher price than ten dollars per ton any fertilizer which does not contain the percentages of fertilizing ingredients mentioned in section seven of this Act,—shall be liable in each case to a penalty not exceeding fifty dollars for the first offence, and for each subsequent offence to a penalty not exceeding one hundred dollars, and in either case to the forfeiture of the fertilizer in respect of which the conviction has been had: Provided always, that a deficiency of one per cent. of the ammonia or its equivalent in nitrogen or nitric acid, or of the phosphoric acid, claimed to be contained in the fertilizer, shall not be considered as evidence of fraudulent intent.

15. Every person who forges, or utters or uses, knowing it to be forged, any manufacturer's certificate, bill of inspection, certificate of analysis, or inspector's tag, required under this Act, is guilty of a misdemeanor, and liable to imprisonment for a term not exceeding two years, with or without hard labor.

16. Every person who wilfully applies to any fertilizer a certificate or tag, or produces to any person a bill of inspection, given in relation to any other package or lot of fertilizer, shall be liable to a penalty not exceeding five hundred dollars, and in default of payment to imprisonment for a term not exceeding twelve months.

17. Every person who gives a false certificate in writing to any person in respect to a fertilizer sold by him as a principal or agent shall be liable to a penalty not exceeding five hundred dollars, and in default of payment to imprisonment for a term not exceeding twelve months.

18. All fees paid and penalties recovered under this Act shall form part of the Consolidated Revenue Fund of Canada.

19. This Act shall be substituted for chapter one hundred and eight of the Revised Statutes of Canada, which is hereby repealed.

After the decision of the court in relation to any such case stated for their opinion, the justice in relation to whose determination the case has been stated, or any other justice exercising the same jurisdiction, shall have the same authority to enforce any conviction, order or determination which has been affirmed, amended or made by such court, as the justice who originally decided the case would have had to enforce his determination if the same had not been appealed against; and no action or proceeding whatsoever shall be commenced or had against a justice for enforcing such conviction, order or determination by reason of any defect in the same;

(*a.*) If necessary, any order of the court may be enforced by its own process:

" 2. But if such person, after his said election to be tried by a jury, has been committed for trial, he may at any time before the regular term or sittings of the court at which such trial by jury would take place, notify the sheriff that he desires to re-elect ; whereupon it shall be the duty of the sheriff to proceed as directed by section six of this Act, and thereafter the person so committed shall be proceeded against as if his said election in the first instance had not been made."

" 3. Proceedings under this Act commenced before any judge, may, where such judge is for any reason unable to act, be continued before any other judge competent to try prisoners under this Act in the same county, union of counties or judicial district, and such last mentioned judge shall have the same powers with respect to such proceedings as if such proceedings had been commenced before him, and may cause such portion of the proceedings to be repeated before him as he shall deem necessary."

33. Where, under any law of Canada, any boy is convicted in Ontario, whether summarily or otherwise, of any offence punishable by imprisonment, and the court, judge, stipendiary or police magistrate by whom he is so convicted is of opinion that such boy does not exceed the age of thirteen years, such court, judge or magistrate may sentence such boy to imprisonment in a certified industrial school for any term not exceeding five years and not less than two years: Provided, that no boy shall be sentenced to any such school unless public notice has been given in the *Ontario Gazette* and has not been countermanded, that such school is ready to receive and maintain boys sentenced under laws of the Dominion: Provided also, that no such boy shall be detained in any certified industrial school beyond the age of seventeen years.

Halifax Industrial School.

34. Section sixty-one of chapter one hundred and eighty-three of the Revised Statutes, intituled "*An Act respecting Public and Reformatory Prisons*," is hereby repealed and the following substituted therefor:—

35. Section sixty-two of the said Act is hereby repealed and the following substituted therefor:—

38. The six preceding sections shall not, nor shall any of them, come into force until the same shall have been proclaimed by the Governor in Council.

39. The said Act is hereby further amended by adding at the end thereof the following sections:—

"PART VI.

"MANITOBA.

"*Manitoba Reformatory for Boys.*

"**78.** If any boy, who, at the time of his trial, appears to the court to be under the age of sixteen years, is convicted of any offence for which a sentence of imprisonment for a period of three months or longer, but less than five years, may be imposed upon an adult convicted of the like offence, and the court before which such boy is convicted is satisfied that a due regard for the material and moral welfare of the boy manifestly requires that he should be committed to the Manitoba reformatory for boys, then such court may sentence the boy to be imprisoned in such reformatory for such term as the court thinks fit, not being greater than the term of imprisonment which could be imposed upon an adult for the like offence, and may further sentence such boy to be kept in such reformatory for an indefinite time after the expiration of such fixed term: Provided, that the whole period of confinement in such reformatory shall not exceed five years from the commencement of his imprisonment.

"**79.** If any boy, apparently under the age of sixteen years, is convicted of any offence punishable by law on summary conviction, and thereupon is sentenced and committed to prison in any common gaol for a period of fourteen days at the least, any judge of any one of the superior courts, or any judge of a county court, in any case occurring within his county, may examine and inquire into the circumstances of such case and conviction, and when he considers the material and moral welfare of the boy requires such sentence, he may, as an additional sentence for such offence, sentence such boy to be sent either forthwith or at the expiration of his imprisonment in such gaol, to such reformatory, to be there detained for the purpose of his industrial and moral education, for an indefinite period, not exceeding in the whole five years, from the commencement of his imprisonment in the common gaol.

"**80.** Every boy so sentenced shall be detained in such reformatory until the expiration of the fixed term, if any, of his sentence, unless sooner discharged by lawful authority, and thereafter shall, subject to the provisions hereof and to any regulations made as hereinafter provided, be detained in such reformatory for a period not to exceed five years from the commencement of his imprisonment, for the purpose of his industrial and moral education.

"**81.** A copy of the sentence of the court, duly certified by the proper officer, or the warrant or order of the judge or other magistrate by whom any boy is sentenced to confinement in such reformatory, shall be a sufficient authority to the sheriff, constable or other officer who is directed, verbally or otherwise, so to do, to convey such boy to the common gaol of the county where such sentence is pronounced, and for the gaoler of such gaol to receive and detain such boy, until some person, lawfully authorized, requires the delivery of such boy for removal to the reformatory.

"**82.** If any boy sentenced to be confined in such reformatory is in such a weak state of health that he cannot safely or conveniently be removed to the reformatory, he may be detained in the common gaol or other place of confinement in which he is, until he is sufficiently recovered to be safely and conveniently removed to the reformatory.

"**83.** No boy shall be discharged from such reformatory at the termination of his term of confinement, if then laboring under any contagious or infectious disease, or under any acute or dangerous illness, but he shall be permitted to remain in such reformatory until he recovers from such disease or illness: Provided, that any boy remaining in such reformatory for any such cause shall be under the same discipline and control as if his term was still unexpired.

"**84.** Any sheriff or other person having the custody of any offender sentenced to imprisonment in the said reformatory, may detain the offender in the common gaol of the county or district in which such offender is sentenced, or other place of confinement in which such offender is, until some person lawfully authorized in that behalf requires such offender's delivery for the purpose of being conveyed to such reformatory.

"**85.** Whenever the time of any offender's sentence in such reformatory, under any law within the legislative authority of the Parliament of Canada, expires on a Sunday, such offender shall be discharged on the previous Saturday, unless such offender desires to remain until the Monday following."

40. The provisions of this Act in respect to the Manitoba Reformatory for Boys shall not come into force until the same shall have been proclaimed by the Governor in Council.

When the buoys are set out in the River St. Lawrence below Quebec, on the opening of navigation this spring, or as soon thereafter as practicable, the changes hereinafter described will be carried out, and the new disposition permanently continued thereafter.

These changes are being made for the greater security or convenience of navigation, and many of them have been proved desirable by the Hydrographic Survey conducted under Staff-Commander Maxwell, R.N., in 1887 and 1888.

These changes affect Admiralty Charts Nos. 310, 313 314, 315, 317, 318 and 2516.

I. Barrett Ledge—The gas and bell buoy heretofore on Barrett Ledge.,

Lat. N. 47° 53' 15"
Long. W. 69° 37' 0"

will be replaced by a spherical gas buoy without a bell. This buoy will be, as heretofore, chequered black and white, and will show the fixed bright light from an elevation of 10 feet above the water.

Thit affects Canadian Lists of Lights and Fog Signals, Nos. 49*b*.

II. Middle Shoal—The chequered red and black can buoy heretofore marking Middle Shoal, in the Hare Island Channel, will be discontinued, being rendered unnecessary by the buoyage of the next two described shoals, lying respectively a short distance north-eastwardly and south-westwardly from it.

III. Marmen Rock.—A black can buoy will be placed north-eastward of Marmen Rock, which is situate S. E. ¾ E., a little more than 1½ miles from Brandy Pots lighthouse, and carries 7 feet water.

From the buoy the S. W. extreme of Hare Island bears S. 73° 48' W., Brandy Pots lighthouse N. 54° 52' W., and the steeple of St. Patrick church, at Fraserville, is just open north-east of the pier at Rivière du Loup.

IV. Demers Rock.—A red can buoy will be placed south-westward of Demers Rock, which carries 11 feet of water, and lies 3½ cables south-westward of Middle Shoal, and S. E. ¾ S. 1½ miles nearly from Brandy Pots lighthouse.

From the buoy the south-west extreme of Hare Island bears S. 77° 33' W., Brandy Pots lighthouse N. 33° 42' W., and the north-east extreme of White Island N. 9° 36' E.

V. Ste. Anne Shoals.—The black can buoy off Ste. Anne Shoals will be removed about a mile north-eastward of its old position, so as to properly mark the angle of the bank.

New position—Lat. N. 47° 26' 30"
Long. W. 70 8 35

From the buoy Point aux Orignaux lighthouse bears N. 75° 50' E., Ste. Anne church S. 26° 50' E. and St. Roch church S. 29° 50' W.

VI. East End St. Roch Shoals—A new black can buoy will be placed in 28 feet water westward of a shoal with 16 feet water over it, found by Staff Comr. Maxwell in 1887, N. E. by E. ¾ E., 2⅓ miles from the Lower Traverse lightship.

From the buoy St. Anne church bears S. 59° E., St. Roch church, S. 2° 15' W., and the round stone mill on Isle aux Coudres N. 71° 55' W.

VII. West End St. Roch Shoals.—The first black buoy south-westward of the Upper Traverse lightship will be moved to a position 3½ cables northward of its old position outside a newly discovered rock with 24 feet water over it.

From the buoy St. Roch church bears S. 83° 25' E., and St. Jean Port Joli church S. 11° 45' W.

VIII. Channel Patch.—The gas buoy heretofore on the Channel Patch,

Lat. N. 47° 15' 0"
Long. W. 70° 19' 35"

will be replaced by a gas buoy with bell combined. The buoy will be, as heretofore, chequered black and white, and will show the fixed bright light from an elevation of 14 feet above the water.

This affects Canadian List of Lights and Fog Signals No. 57 *a*.

IX. West Narrows of Beaujeu Channel.—The red can buoy at the west narrows of Beaujeu Channel will be moved southward of its old position. This change is rendered desirable in consequence of several shoals having been found during the survey of 1888 outside of it. The new position will be just south of a shoal with 22 feet water over it.

From the new position Crane Island lighthouse bears S. 65° 45' W., the South Diamond beacon, N. 17° 15' W., and the south beacon at Macpherson Point N. 6° 35' E.

X. Quarantine Buoy.—The gas buoy at the Quarantine Station, on the west end of Margaret Island bank, off Grosse Isle,

Lat. N. 47° 0' 45"
Long. W. 70° 39' 20"

formerly painted red, will in future be painted yellow, the distinguishing quarantine color.

This affects Canadian List of Lights and Fog Signals No. 60 *b*.

XI. La Longue Pointe.—A red can buoy will be moored in 30 feet, south of La Longue Pointe, which is a shoal extending out from Cape Gribanne, in the north channel, having depths on it from 8 to 21 feet.

Position of Buoy—Lat. N. 47° 9' 8"
Long. W. 70 40 5

From the buoy Cap Brulé lighthouse bears S. 60° 40' W., and the houses at Abattis are first open south of Sault au Cochon wharf.

XII. East Narrows.—The red can buoy at East Narrows, beyond Traverse Spit, will be placed about 1¼ cables north-eastward of its previous position, to mark a depth of 18 feet at low water.

New position—Lat. N. 47° 4' 15"
Long. W. 70 44 29

From the buoy Cap Brulé lighthouse bears N. 32° 45' E.; the southwest extreme of Patience Island, S. 38° 40' E.; and the southwest entrance of Isle aux Reaux, S. 35° W.

XIII. North Traverse.—The chequered black and white buoy in the North Traverse will be moored in 28 feet of water close north-eastward of a bank with 12 feet water on it, discovered at the northwest extreme of the west sand during the progress of the survey of 1887.

New position—Lat. N. 47° 2' 34"
Long. W. 70 45 50

From the buoy the west extreme of the small islet at the west end of Grosse Isle is in line with the northeast extreme of Isle aux Reaux, and Pointe St. Jean first open south of Pointe Bellefeuille.

XIV. Les Islets, Orleans Channel.—The westernmost of the three red buoys marking Les Islets will be moored in 22 feet water, south of a shoal with 9 feet water on it, south of its former position, and in such position that a course can be steered direct to the next buoy to the eastward.

No. 23 of 1890.

CORUNNA RANGE LIGHTS.

Two range lights, established by the Government of Canada in the Village of Corunna, on the east bank of the River St. Clair, in the West Riding of Lambton, in the Province of Ontario, will be put in operation on the 10th instant.

The towers are skeleton framed, square, wooden buildings, with the side facing the line of range in each slatted, to make them more conspicuous day marks. Each tower is 40 feet high from the ground to the roof, is painted white, and shows a fixed white or bright light from a reflector lantern hoisted to within 2 feet of the top. The light should be visible 4 miles in, and over a small arc on each side of, the line of range.

The front tower stands on ground 10 feet above the water, at the foot of Fane Street, in the Village of Corunna, at a point near the old wharf, and 40 feet from the water's edge.

Position, taken from the United States of America Government Chart of the St. Clair River:

Lat. N. 42° 53' 12"
Long. W. 82° 27' 10"

The longitude, as represented on Admiralty Chart No. 678, would be 82° 26' 30" W.

The light it elevated 48 feet above the level of the water.

The back tower stands on the west side of Beresford Street, 568 feet S. 13° E. from the front one, on ground elevated 30 feet above the water. The light is at an elevation of 68 feet above the water.

The two lights in range indicate the best water in the Canadian channel past the shoals at the head of Stag Island on the west, and past the shoals off the mouth of Talford's Creek on the east side.

This notice affects Admiralty Charts Nos. 330, 332 and 678, and Canadian List of Lights Nos. 213*a* and 213*b*.
